The Ugly Duckling & The Tortoise and the Hare
Lightwire Theater
Saturday, November 5, 2016 at 1PM
Age: 6+

With dazzling visuals, poignant choreography and music ranging from classical to jazz to pop, Lightwire Theater (as seen on America's Got Talent!), literally brings these two beloved tales into a new and brilliant light. Christian Andersen's *The Ugly Duckling* is a wonderful story celebrating differences and transformation, while Aesop's fable, *The Tortoise and The Hare*, teaches us the moral "Slow and steady wins the race." These classic stories play out on stage through a cutting-edge blend of full-body puppetry, technology and dance for an unforgettable theatrical experience.

The Science of Santa
Doktor Kaboom!
Saturday, December 10, 2016 at 7PM
Age 8+

If science and magic are the same thing, then Santa must be the greatest scientist in the world! This does not sit well with Doktor Kaboom's ego, so he tries to figure out how Santa does all those wonderful things he does! (Spoiler: He fails.) No iconic Holiday figures were harmed in the making of this show.

Tetris
Arch8
Sunday, February 12 at 2* & 5PM
Age 6+

Tetris – Inspired by the game Tetris this extremely physical dance quartet explores how we connect with one another, building a private language to communicate, and then invites others to enter into the dancers' world. It is for the kids who can't sit still, for the ones who like to climb the walls, and those who can imagine further than they can see.

**The 2PM performance will be offered in a sensory-friendly environment. The sensory-friendly performance is designed especially for children with autism or related conditions who experience heightened sensory sensitivity, providing a safe and judgment-free space that is welcoming for all families. Seating is general admission, allowing families to choose a comfortable spacing.*

Families who have not been to The Theatre at RVCC before are invited to stop by and visit the theatre space and explore the seating areas two hours before the show. They also may visit in advance by making an appointment date.

Hatched
Treehouse Shakers
Friday, March 24, 2017 at 10AM, 1:30PM & 4PM
Age 2+

Hatched is the story of a newborn chick who emerges from her shell to a strange and busy world. She is met by an assortment of fuzzy farmyard friends: a feisty old rooster, a wobbly calf learning to walk, a gaggle of dancing chicks, a lamb, and a noisy nest of baby birds. Told through movement, music, handcrafted puppets and with very little human dialog, young audience members are encouraged to interact with the newborn animals as they explore their worlds.

Water on Mars
Saturday, March 25, 2017 at 2* & 7PM
Age 7+

Water on Mars is intense juggling designed for space stations! 100 rings thrown, backflips landed, feet twisted, water flying through the air, 21 balls juggled and 15 pins spinning around the three bodies, while an electronic beat keeps the rhythm. The show was created in Stockholm, where the three artists worked intensively for years to find ways to combine juggling with music, acrobatics, snow, chocolate, tap dance, and 400 roles of tape. They distort juggling in the most surprising way. Their tricks are now just as physical as break dance, and just as stylized as Japanese pop art.
